

Proud of its Francophone identity, Centre pivot du Triangle magique offers:

- Resources, programs and quality childcare to families as an integral part of the community, enabling children to grow
- A safe and secure environment fostering total development for children and families
- Flexibility to adapt to the needs of the children and the community
- Open lines of communication between parents and personnel in order to maintain uniformity between the child's home, school and daycare

“At CPTM, we enhance children’s willingness to express themselves with confidence and creativity. At any given time, you can walk into one of our sites and witness first-hand how children indulge in co-operative play, and creative fulfillment, coupled with the acquisition of autonomy through appropriate decision-making.”

“At CPTM, we create a fantastic and dynamic wonderland where children can specialize in themselves, in an enjoyable, comfortable and safe atmosphere. We are known for our ability to offer an abundant amount of activities both within our center and within the community at large, where children can flourish and allow their unique personalities to soar. It is in this way that we build the foundation to highlight children’s intellectual, social, emotional and physical abilities.”

Centre pivot du Triangle magique operates 13 childcare sites in the City of Greater Sudbury and three Best Start Hubs.
